

Brownie's Marine Group Announces 29.7% Increase in Revenues for
Q2-2021 vs. Q2-2020

Pompano Beach, FL, Aug. 16, 2021 (GLOBE NEWSWIRE) — Brownie's Marine Group, Inc. (OTCQB: BWMG), a leading developer, manufacturer and distributor of tankless dive equipment and high-pressure air and industrial compressors in the marine industry, today announced results for the fiscal second quarter and six months ending June 30th, 2021.

Chris Constable, CEO of Brownie's Marine Group, Inc. stated, "Brownie's Marine Group continues to grow our core platform businesses every quarter. We are working towards consistent profitability at the adjusted net income level and to the net income level over the next 4 quarters. Second quarter total net revenue increased 29.7% YoY and 36.2% for the six months as it compares to the same period in the prior year. I am very proud of the effort our team has put forth thus far in 2021 and we remain excited about our growth prospects for the second half of this year, especially with the launch of our new product, Nomad, by BLU3."

2nd Fiscal Quarter Highlights

- Pre-launch of BLU3, Inc.'s Nomad, an ultra-portable dive system that will take divers to 30 feet.
- Total net revenue increased 29.7% to \$1.71 million vs. \$1.32 million last year;
- Core business net revenue, excluding the one-time sale of the BLU3 ventilator program to the U.S. Military for \$457,800 during Q2, 2020, increased 98.6% to \$1.71 million versus \$0.862 million last year;
- Adjusted Net Income was \$167,570 vs. a loss of \$85,800 last year;

Chris Constable, CEO of Brownie's Marine Group, added, "We remain committed to the strategic mindset towards acquisitions and believe our initiations on this front will come to life soon. Both myself and our Chairman, Robert Carmichael, have several innovative companies in the pipeline that we believe could be a strategic fit for us going forward. We hope to have news to communicate with our shareholders very soon on this matter."

Robert M. Carmichael, President and Chairman of the Board added, "In addition to our overall strong operating performance, we are also thrilled with the initial pre-sale campaign results of the Nomad, by BLU3. The Nomad is our next-generation portable, battery powered dive system that will take divers down to 30 ft., for 45-60 minutes on one charge. The Nomad will change the industry landscape for those who want to explore the next atmosphere. Blake and his team are prepared to meet their third quarter, 2021 launch deadline, and through the pre-sale to both consumers and dealers have pre-booked the initial production runs through October. Nomad has been designed to ease the manufacturing process and will allow BLU3 to scale production to meet the demand of an industry that needs a game changing product like Nomad."

Non-GAAP Financial Measures

This press release includes certain financial measures that exclude the impact of certain items and therefore have not been calculated in accordance with U.S. generally accepted accounting principles ("GAAP"). We report adjusted net income (loss) to measure our overall results because we believe it better reflects our net results by excluding the impact of non-cash equity-based compensation. We believe the presentation of adjusted net income (loss) enhances our investors' overall understanding of the financial performance of our business.

We believe that investors should have access to the same set of tools that we use in analyzing our results. This non-GAAP measure should be considered in addition to results prepared in accordance with GAAP but should not be considered a substitute for or superior to GAAP results.
