

## Brownie's Marine Group Announces 70.2% Increase in Revenues for the YTD-2022 vs. YTD-2021

Pompano Beach, FL, Nov. 08, 2022 (GLOBE NEWSWIRE) — Brownie's Marine Group, Inc. (OTCQB: BWMG), a leading developer, manufacturer and distributor of tankless dive equipment, high-pressure air and industrial compressors and dive retailer in the marine industry, today announced results for the third fiscal quarter ending September 30<sup>st</sup>, 2022.

Chris Constable, CEO of Brownie's Marine Group, Inc. stated, "We are very pleased with the continued growth of the Company through the third quarter, and we're focused on closing out the balance of the year with a rigorous effort for year over year quarterly growth. Our third quarter focus was to make the most of our typical seasonal peak, supporting our customers with product and sales support to ensure a successful end to the summer season. We look for Q4 to show the normal seasonal adjustment to revenue and we continue to monitor the economic indicators, and the strength of the US dollar to adjust our operating plan, as necessary."

Mr. Constable continued, "I've had some investors comment to me that all of our press releases are starting to sound the same, continued quarterly growth, etc., and I can appreciate that. One of the things that I want to point out is that in Q3-2019 we had revenues of \$841 thousand and have grown revenues 330% through Q3-2022. We have been continuously expanding our markets, and carefully acquiring complimentary pieces, and I am very proud of our team for the operational success we have been having."

### Non-GAAP Financial Measures

This press release includes certain financial measures that exclude the impact of certain items and therefore have not been calculated in accordance with U.S. generally accepted accounting principles (“GAAP”). We report adjusted net income (loss) to measure our overall results because we believe it better reflects our net results by excluding the impact of non-cash equity-based compensation. We believe the presentation of adjusted net income (loss) enhances our investors’ overall understanding of the financial performance of our business.

We believe that investors should have access to the same set of tools that we use in analyzing our results. This non-GAAP measure should be considered in addition to results prepared in accordance with GAAP but should not be considered a substitute for or superior to GAAP results.

The following is an unaudited reconciliation of adjusted net income (loss) to net income (loss) for the periods presented (YTD and Q3-2022 vs. YTD and Q3-2021):
