Brownie’s Marine Group, Inc announces an exclusive distributorship with Bright Weights

Pompano Beach, FL, May 21, 2021 (GLOBE NEWSWIRE) — Brownie’s Marine Group, Inc. (OTCQB: BWMG), a leading developer, manufacturer and distributor of tankless dive equipment and high-pressure air and industrial compressors in the marine industry, today announced that they have entered into an exclusive distributor agreement with Chrysalis Trading CC DBA Bright Weights for the US and the Caribbean.

Robert Carmichael, Chairman of Brownie’s Marine Group stated “We have been looking for the proper ballast systems that provides flexibility and is more unique than the traditional source of lead ballast available here in the US. Bright Weights provide us with additional items to service the dive community that are complementary to our Brownie’s line of tankless diving equipment. This exclusive distributorship will provide our customer base, as well as new sources of distribution, an alternative to traditional lead, that will allow the end user to customize weight, customize weight placement and have a variety of colors to choose from. It will also ease the inventory burden on the dive store owners, as it provides a single weight SKU rather than the multiple weight SKU’s that are currently required. We are excited to bring this product to market in the US and look forward to providing the consumer with a Bright Weight alternative.”

“Bright Weights have been on the technological leading edge of weighting solutions for divers for more than 20 years. Innovation, quality and value for money make our products stand out above the rest. We are happy and confident to have partnered with Brownie’s Marine Group in introducing our outstanding, multiple award winning products to the US market. They are an established “salt of the earth” company and we look forward to gaining exponential market share with their proactive approach. All divers need weights. Accordingly, we believe that our products will open many doors for Brownie’s resulting in strong and sustainable growth for the group.” stated Jannie Wessels, CEO of Bright Weights.

Bright Weights will be available on Brownie’s website www.browniedive.com and other online marketplaces in coming weeks. Additionally, the company will provide direct delivery to all south Florida dive stores.

About Brownie’s Marine Group
