

BWMG Gives Sales Update of BLU3 NEMO Diving Product and Announces Display at 2020 Miami International Boat Show

February 04, 2020 08:22 ET | **Source:** Brownie's Marine Group, Inc.

Pompano Beach, Florida, Feb. 04, 2020 (GLOBE NEWSWIRE) — Brownie's Marine Group, Inc. (OTC:BWMG) a leading developer, manufacturer and distributor of modern recreational diving products and onboard compressed air solutions is pleased to announce a sales update for the BLU3 NEMO Diving Product and their attendance as a displaying party in the 2020 Miami International Boat Show.

BLU3 NEMO Product Continues to Build Momentum

The Company's wholly-owned subsidiary, BLU3 (diveBLU3.com), has now shipped over 400 NEMO units to date to customers in more than 20 countries. The manufacturing team continues to focus on streamlining production to scale at larger volumes to meet growing market demand. The Company has now pre-built enough units in stock to facilitate next day-shipping versus the longer lead time necessary in Q4-2019.

"We feel so gratified that customers are liking the product so much, and telling their friends about it, and we can roll the units out to them faster for people to enjoy" said Robert Carmichael, Chairman & CEO of Brownie's Marine Group, Inc. "Our conversations with various dealers and sales partners are getting more interesting as we start delivering to the market more efficiently. We hope to be to finalize some of those new relationships and share the news with everyone soon."

Display at the 2020 Miami International Boat Show

NEMO will be on display at the 2020 Miami International Boat Show that will be held between February 13th - February 17th at the Miami Marine Stadium Park & Basin in Virginia Key. They will be displaying at the Brownie's Yacht Diver booth in "C Tent # C398."

About BLU3 NEMO

NEMO (diveBLU3.com/NEMO) is a battery-powered and ultra-portable tankless dive system created for the recreational diving population under the BLU3 brand to make diving more user friendly, easier, and accessible to a new and larger group of divers. It was designed with the mass, global market in mind, ultimately creating a market much greater than SCUBA by eliminating barriers to entry. Weighing in at about 10 lb., NEMO is portable and travels as carry-on luggage on an airplane including multiple spare batteries which run the system for over 60 minutes each. NEMO has many potential applications, from river treasure and fossil hunting, boat hull cleaning, pool maintenance and even underwater
