

Dive Conditions: Happy Thanksgiving! BLU3 Friday Sale!

Surveys

If you are already a Kickstarter or Indiegogo backer, you should have received a survey from us with information regarding your order. If you have not, please send us an email at info@diveBLU3.com so that we can start to prepare your order for shipment. Thank you!

BLU3 Friday Sale

We have so much to be thankful for here at BLU3. We are consistently building and shipping to our wonderful backers and we could not be more excited for everyone to be receiving and diving their NEMOs for the first time. What we are most thankful for this year is our supporters. . Without you, none of this could have happened.

To celebrate everything we are grateful for this year, we are running a BLU3 (Black) Friday Sale on the NEMO Buddy Pack. [Visit our Indiegogo page](#) for more information. Also make sure to share this with anyone you know who may be interested in a NEMO of their own – perhaps you could be dive buddies!

Now offering OTS Spectrum Full Face Mask

We are very excited to announce that we now offer OTS Spectrum Full Face Masks for use with your NEMO. The Spectrum eliminates the need for the bite down mouthpiece and allows you to normally breathe through your mouth and nose. It is very comfortable and even keeps you warm by reducing the amount of water that touches your face during your dive. . We're still working on launching the shop on our website, but if you're interested in ordering a Spectrum to go with your NEMO, please send us an email at info@diveBLU3.com, and we will process the order for you.

Wishing everyone out there a Happy and Safe Thanksgiving celebration and remember to #diveBLU3.

???? BLU3 Team
